

Policy
Adopted at the
2009 SCPHA House of Delegates Meeting June 27th at the
Sheraton Hotel Myrtle Beach

Item #1

The South Carolina Pharmacy Association encourages pharmacies to discontinue the sale of non-medicinal alcoholic beverages and tobacco related products.

Item #2

The South Carolina Pharmacy Association encourages the ban of smoking in pharmacies.

Item #3

The South Carolina Pharmacy Association opposes promoting the profession of pharmacy solely as a commodity. Further, SCPHA encourages the establishment of a single primary pharmacy home for patients to ensure the continuity of care.

Item #4

The South Carolina Pharmacy Association urges pharmacists to educate patients on the proper disposal of prescription medication in an effort to 1. minimize potential environmental impact of improperly disposed medication and 2. to minimize the potential for substance abuse.

Item #5

The South Carolina Pharmacy Association recommends that colleges of pharmacy incorporate immunization administration training into their curriculum.
